

Terre Haute City Council
Mr. Karrum Nasser, Council President
17 Harding Ave
Terre Haute, IN 47807

May 15, 2017

Dear Mr. President and Members of the Council,

The CF-1/PP for personal property tax was completed and filed on May 15, 2017. The CF-1/RP for real property tax was not filed. The real property tax abatement was originally requested in case there was some assessment made in connection with our project and I don't believe that this is uncommon. Since an assessment has not occurred as of this date and time there is no tax to be abated as of yet and no reason to file the CF-1/RP.

We are asking the City Council to not revoke the abatement and to allow the process to continue to work. We will certainly file the correct forms, including Form 322/RE, when needed. Thank you for your continued support.

Sincerely,

Lori Stark
CFO/Owner
JWS Machine, Inc.
